L.J. Star White Paper Offers Step-by-Step Guidance to Sight Glass Selection

Twinsburg, Ohio — April 23, 2013 — L.J. Star Inc., the leading provider of process observation equipment, has released a white paper that offers straightforward guidance on how to select the appropriate sight glass for various applications. The checklist is designed to help engineers consider all the available options for optimal sight glass performance. Go to <http://www.ljstar.com/publications/pdf/SightGlassSelectionWhitePaper.pdf> to download the white paper.

The “Step-by-Step Guide to Sight Glass Selection” will help engineers determine not only which of the two types of sight glass best suits their

needs (a sight glass window or a sight flow indicator) but details numerous important considerations, including:

- Viewing requirements
- Optimal viewing area size
- Mounting types
- Available materials and their compatibility
- Functionality of various types of sight flow indicators

These guidelines will provide engineers with expert advice on how to best specify sight glass for their critical applications.

L.J. Star offers a wide selection of sight glass products and accessories, including cameras, wipers, and lights. For more information on the L.J. Star line of sight glass products, go to

<http://www.ljstar.com/products/productlines.aspx>.

About L.J. Star

L.J. Star Incorporated provides an extensive line of process observation equipment – sight glasses, lights, sanitary fittings, and level gage instrumentation. Product lines include Metaglas® Safety Sight Windows, Lumiglas® Explosion Proof Lights and Cameras, Sight Flow Indicators, Sight Ports, Sanitary Clamps, Magnetic Level Gages and Gage Glass. Metaglas is the #1 selling fused sight glass, proven in thousands of installations around the world. Unlike some other sight glasses, it meets stringent DIN 7079 and DIN 7080 quality standards, and it is approved for USP Type I use. For additional information, or to request third-party documentation of standards compliance and product performance claims, contact L.J. Star Incorporated, P.O. Box 1116, Twinsburg, OH 44087. Phone: 330-405-3040. Fax: 330-405-3070. Email: view@ljstar.com. Website: www.ljstar.com.
